the project 28 assessment and coaching system : feature overview

## why assessments?

project 28 helps you *measure* where you are so you can get *measurably* better.

PROJECT 28 HOME

most christians can't tell if they're more like jesus today than they were a year ago. we'd like to change that.

Ask someone, "Are you more like Christ today than you were a year ago?" Chances are you'll get a blank stare. But ask that same someone if they *weigh more* today than a year ago, and you'll get a clear answer. Why? Because when it comes to weight, they get on the scale and check. They *measure* themselves.

Let's do the same in our life of faith. Let's *measure* where we are, and work together to get *measurably* better.

**PROJECT 28**  
"EXAMINE YOURSELVES TO SEE WHETHER YOU ARE IN THE FAITH; TEST YOURSELVES."  
2 CORINTHIANS 13:5

Knowing where you are is the first step of progress. Take the assessment below, being honest with yourself, especially for the questions that ask you what you are doing to put your faith into action. Once you have a score, use the "Things To Work On" list to improve your score!

### the breaking free assessment

Use this 102-question assessment to gauge your knowledge and application of the principles in the 8-week discipleship program, *Breaking Free*.

**1. What is financial freedom?**

- Consistent wage income of at least double the national average.
- A comfortable living, nice house, nice car, and money in the bank.
- The ability to do anything I want with money.
- The ability to save and spend on a consistent basis.
- No debt, and at least 150,000 put away for investment.
- No debt, and investment income equals budget.
- A feeling of complete satisfaction in my financial life.

---

**2. What is investment income?**

- Money you earn over and above your basic needs.
- Income made exclusively with your money, without any personal work.
- The money you invest to build the church and help the needy.
- Money you invest to make more money.

---

**3. As a financial term, what is interest?**

## see your scores.

assessment scores offer knowledge, application, and overall scores. participants cannot score well without application.

your current score is: 96%

Knowledge Score: 100%

Application Score: 96%

Your last completed assessment was taken on Mar 19, 2010.

Current score is calculated by multiplying the knowledge score and the application score. For more information about scoring, [click here](#).

# things to work on.

the “things to work on” page shows which questions were missed, what to work on, and score improvement when completed.

### things to work on

Here is a list, based on your most recent assessment, of the things to learn and to do to increase your score. We recommend you retake this assessment once a month, and work on the items in this list between retakes. Use this list to discuss with your pastor, coach, or accountability partner the ways you plan to improve!

---

You missed question 4: Do you currently have any personal debt outside your home mortgage?

Here's what you can do:

Use the Breaking Free debt elimination strategy to accelerate your debt payments. We've found that the average household with the average income and average debt can get completely debt-free, including their home, faster than they ever thought possible, and without getting an increase in income. We've discovered that the average family budget includes well over \$1,500 of interest payments alone. Get a debt-elimination plan and it will help you in a major way!

Question 4 improves APPLICATION score by 2.38%

---

You missed question 12: In the past twelve months, have you bounced one or more checks? (don't feel bad, most have!)
